

**TEXAS ORAL
HEALTH
CONFERENCE**

A True Collaboration To Improve Oral Health In Texas

A Joint Providership Event Hosted By

TEXAS
Health and Human Services

**Texas Department of State
Health Services**

July 24-26, 2019 | JJ Pickle Commons Learning Center | Austin, TX

Welcome

A True Collaboration To Improve Oral Health In Texas

On behalf of the Texas Oral Health Coalition (TxOHC), Texas Department of State Health Services (DSHS), and the Texas Health Institute (THI), welcome to the 2019 annual Texas Oral Health Conference!

The Texas Oral Health Conference (TOHC) is a culmination of our ideas, resources, networks, and most importantly our shared commitment to improve oral health in Texas. Through collaborative efforts we are pleased to provide continuing education credit for multiple disciplines for this event. We are excited about this new prospect to emphasize interprofessional teamwork, communication and the understanding of other professions' roles and responsibilities to optimize patient care.

This conference has been carefully designed and features national, state and local thought leaders who have made significant contributions to advancing oral health in our state.

We hope that you will take advantage of all the conference has to offer including opportunities to interact with your colleagues formally and informally. If you should have any questions or need assistance during the conference, please find one of the planning committee members (individuals with a green planning committee ribbon) to assist you.

In an effort to acquire feedback about the conference, we want to encourage all attendees to complete the online conference and course evaluations. Your comments and suggestions are very important to the TOHC planning committee and your input will help plan future oral health conferences.

Again, a warm welcome to everyone and we hope you have a great time at TOHC 2019! Together, we can achieve our goal to improve oral health for all Texans.

Texas Oral Health Conference Planning Committee

About the Collaborating Partners

TOHC is a Joint Providership event sponsored by leading oral health and dental public health organizations in Texas.

The Texas Oral Health Coalition (TxOHC)

The Texas Oral Health Coalition, Inc. is a nonprofit state level coalition that exists exclusively to promote and support the oral health of all Texans. It creates and assists collaborative efforts between oral health professionals, medical providers, local communities, health-related coalitions, and public health stakeholders. The Coalition is the primary organization in Texas that provides a nonpartisan forum for innovative networking to make oral healthcare more accessible, equitable and obtainable for all Texans.

Texas Health Institute (THI)

Texas Health Institute's Oral Health Program advocates for a community where everyone has an equitable opportunity to achieve optimal oral health. We believe that oral health is an integral and essential part of overall health and well-being. We employ upstream strategies centered on improving oral health across the lifespan. We work closely with our partners to implement, evaluate, and disseminate oral health best practices. We provide strategic planning and program development support to translate evidence into action. We guide the integration of oral health with general health at the local, state and national levels.

Texas Department of State Health Services Oral Health Improvement Program (DSHS-OHIP)

The Oral Health Improvement Program (OHIP) at the Department of State Health Services (DSHS) encourages Texas residents to improve and maintain good oral health. Our vision is a healthy Texas, where all individuals enjoy the benefits of good oral health as an integral part of overall health. We promote oral health through leadership in public health practices, policy development, education, and population based preventive services. The OHIP works with various partners across the State to identify the oral health needs of Texans and the resources to meet those needs.

Conference Evaluation and CE Credit

To receive your continuing education credits you are **required to use your assigned registration number** that may be found on your name badge and/or electronic registration confirmation to complete the online conference evaluation. Please refer to **page 15** of the program for additional details on completing your evaluations.

My registration ID Number is: _____

Schedule at a Glance

WEDNESDAY, JULY 24, 2019

9:30 AM - 12:30 PM: Pre-Conference

Texas Regional Oral Health Coalition Building Workshop

12:00 PM – 1:00 PM: Registration Check In

1:00 PM – 2:00 PM: Healthy Mouths for a Healthy Texas: Time to go from Talk to Action

Eduardo Sanchez, MD, MPH, FAAFP

2:00 PM – 4:00 PM: Texas Dental Schools: Shaping the Future of Oral Health in Texas

Facilitated by Rhonda Stokley, DDS

4:00 PM – 6:00 PM Opening Reception with the Exhibitors

THURSDAY, JULY 25, 2019

7:30 AM – 8:30 AM: Registration and Breakfast with the Exhibitors

8:30 AM – 9:30 AM: DSHS State Public Health Dental Director's Update

Rhonda Stokley, DDS

9:30 AM to 10:00 AM: BREAK with the Exhibitors

10:00 AM – 12:00 PM: Opioids and Vaping: What the Health Professional Needs to Know

Tom Viola, R.PH.

12:00 PM – 1:00 PM: LUNCH

1:00 PM – 2:00 PM: Human Trafficking in the Health Care Setting

Cathy Miller, RN, PhD

2:00 PM – 3:00 PM: HPV and Oral Disease

Pallavi Parashar, BDS, DDS, FRCD©

3:00 PM – 3:30 PM: BREAK with the Exhibitors

3:30 PM – 4:30 PM: Promoting HPV Vaccine: An Opportunity for Medical Dental Collaboration

Christina A. Demopoulos, DDS, MPH

4:30 PM – 6:30 PM: Networking Reception and TxOHC Annual Meeting

FRIDAY, JULY 26, 2019

8:00 AM – 9:00 AM: Registration and Breakfast with the Exhibitors

9:00 AM – 10:00 AM: Oral Health During Pregnancy

Andrea Palmer, MD, FACOC

10:00 AM – 11:00 AM: Implementation of Public Health Genomics and Applications to Oral Health

Debra Duquette, MS, CGC

11:00 AM – 12:00 PM: The Importance of Dental / Otolaryngology Collaboration in the Diagnosis and Treatment of Obstructive Sleep Apnea

Zachary D. Wassmuth, MD, ENT

12:00 PM - 4:00 PM: Post Conference Training Session- Pre-registration required

Johnny Johson, DMD, MS and Matt Jacobs

Wednesday, July 24th: Conference Details

9:30 AM - 12:30 PM: Pre-Conference Workshop

Texas Regional Oral Health Coalition Building Workshop

Location: Balcones

12:00 PM – 1:00 PM: Registration Check In

Location: Atrium

1:00 PM – 2:00 PM: Healthy Mouths for a Healthy Texas: Time to go From Talk to Action

Speaker: Eduardo Sanchez, MD, MPH, FAAFP

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

Overview of National and State overall health statistics and trends and Texas oral health statistics. Preservation of approaches to improve oral health and access to dental services in Texas.

Upon completion of this event, participants should be able to:

- Address the academic consequences and the workplace consequences of oral disease
- Describe at least 2 population based approaches to optimize oral health in communities
- Describe at least two clinical care related approaches to optimize oral health

Special Thanks to our 2019 Program Planning Committee

Ankit Sanghavi, THI

Beth Stewart, TxOHC

Christina Murphey, TxOHC

Jessica Stewart, TxOHC

Josefine Wolfe, THI

Letitia Liamero, DSHS

Nancy Cline, TxOHC

Rhonda Stokley, DSHS-OHIP

Wednesday, July 24th: Conference Details

2:00 PM – 4:00 PM: Texas Dental Schools: Shaping the Future of Oral Health in Texas

Panel Discussion Facilitated By Rhonda Stokley, DDS

Location: Big Tex Auditorium

CEU: 1.0 CDE; 0.0 CME, CNE, CHES, SW, CPH

Panelists:

- Ana Neumann, DDS, MPH, PhD
- Dan Jones, DDS, PhD
- Suman Challa, BDS, MSPH
- Wendy Woodall, DDS, MAGD

Course Completion Code: _____

Texas has three, and soon to be four, dental schools. Dental schools influence the future of oral health in Texas by the students they select and what and how they teach those students. While healthcare professionals can and should always learn new processes and procedures throughout their career, it is undeniable that those lessons and philosophies taught in the formative years of a career become deeply-ingrained and strongly influence how that dentist will practice for the rest of their lives. This panel is an opportunity for our Texas dental schools to share information about their approach to training students and to highlight successes of their programs. The panel will be facilitated by Dr. Rhonda Stokley, State Public Health Dental Director. Following individual presentations by representatives of all four dental schools, Dr. Stokley will ask the panelists questions and field questions from the audience.

Upon completion of this event, participants should be able to:

- Compare the differences and similarities in the four Texas dental schools.
- Discuss the dental schools' approaches to training today's dental students.
- Describe the challenges dental schools face in training dental students.
- Explain how dental schools are developing well-rounded healthcare professionals through interdisciplinary education.
- Discuss how today's dental students will influence the future of oral health in Texas

Relax and Unwind with Colleagues during the Opening Reception with Exhibitors

Refreshments will be served.

Wednesday, July 24, 2019 from 4:00 - 6:00 PM

Atrium

Thursday, July 25th: Conference Details

7:30 AM – 8:30 AM: Registration and Breakfast with the Exhibitors

Location: Atrium

8:30 AM – 9:30 AM: DSHS State Public Health Dental Director's Update

Speaker: Rhonda Stokley, DDS

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

Dr. Rhonda Stokley, State Public Health Dental Director at the Texas Department of State Health Services (DSHS), will provide an update on DSHS's Oral Health Improvement Program. She will highlight program activities and accomplishments over the past year and will share the results of the program's recent oral health surveillance activities and other surveillance data. Dr. Stokley will share her vision for the program in the coming years and goals she has set. She will also provide a recap of the 86th legislative session and discuss the outcome of bills relevant to oral health.

Upon completion of this event, participants should be able to:

- Describe the activities of the Oral Health Improvement Program and what it has accomplished over the past year.
- Discuss the oral health status of elementary school children in Texas.
- Identify areas for improvement based on oral health data that is shared.
- Identify what bills relevant to oral health did and did not get passed by the Texas Legislature and their significance.

9:30 AM To 10:00 AM:

Break with the Exhibitors

Location: Atrium

Thursday, July 25th: Conference Details

10:00 AM – 12:00 PM: Opioids and Vaping: What the Health Professional Needs to Know

Speaker: Tom Viola, R.Ph.

Location: Big Tex Auditorium

CEU: 2.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

Management of acute dental pain is accomplished through a clinical approach that successfully incorporates opioid and non-opioid analgesics. It is critical for clinicians to accurately identify the need for pain control, individualize patient care and assess the efficacy of the analgesic agents to be administered. This program will provide an overview of the effective management of acute dental pain. Using case scenarios, special emphasis will be given to appropriate utilization of opioid analgesics and their impact on the dental community. This program will introduce the dental professional to the most current information regarding vaping as a route of administration for various substances, including nicotine and cannabis, as well as adverse effects, and effects on dental treatment.

Upon completion of this event, participants should be able to:

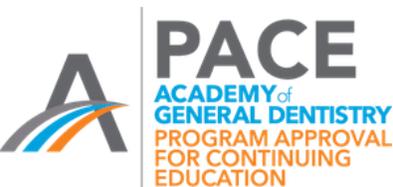

- Describe the pharmacology and mechanism of action of opioid and non-opioid analgesics, as well as their potential for abuse.
- Identify the intended role of opioid and non-opioid analgesics in the treatment of acute dental pain.
- Describe strategies useful in developing a pain management plan that is individualized for a patient's needs and medical conditions.
- Discuss vaping as a route of administration for various substances, including nicotine and cannabis, as well as adverse effects, and effects on dental treatment.

12:00 PM – 1:00 PM: Lunch

Location: Atrium

Joint Provider Statement

This activity has been planned and implemented in accordance with the standards of the Academy of General Dentistry Program Approval for Continuing Education (PACE) through the joint program provider approval of the (Texas Oral Health Coalition, Inc.), the (Texas Health Institute) and the (Department of State Health Services). The (Texas Oral Health Coalition, Inc.) is approved for awarding FAGD/MAGD credit.

Thursday, July 25th: Conference Details

1:00 PM – 2:00 PM: Human Trafficking in the Health Care Setting

Speaker: Cathy Miller, RN, PhD

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

This course will assist health care providers in recognizing, responding to, and referring victims of human trafficking in the health care setting

Upon completion of this event, participants should be able to:

Explain the practitioner's role in correctly recognizing patients as being trafficked.

- Describe the ways in which health care practitioners must care for patients who are actively being trafficked or have been trafficked.
- Discuss how practitioner bias and assumptions can impact the care of trafficked patients.
- Demonstrate knowledge of “red flags” of trafficking in presenting patients.
- Discuss complex trauma in relation to how it impacts the health of trafficked patients.
- Discuss “re-victimization,” how it can affect the care of trafficked patients, and techniques clinicians can use to avoid it.
- Demonstrate understanding of how to identify services (including healthcare services) for trafficked patients, and how to make referrals.

2:00 PM – 3:00 PM: HPV and Oral Disease

Speaker: Pallavi Parashar, BDS, DDS, FRCD(C)

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

An update for practitioners regarding differential diagnoses of both common and uncommon pathologic conditions of the oral cavity. Special emphasis will be on Human Papilloma Virus (HPV) associated oral lesions and HPV-associated cancers.

Upon completion of this event, participants should be able to:

- Develop a systematic approach of evaluating changes in the Oral Mucosa
- Recognize clinical patterns of intraoral premalignant and malignant lesions
- Provision of new knowledge in the area of Human Papilloma Virus associated benign and malignant oral conditions

3:00 PM – 3:30 PM: Break with the Exhibitors

Location: Atrium

Thursday, July 25th: Conference Details

3:30 PM – 4:30 PM: Promoting HPV Vaccine: An Opportunity for Medical Dental Collaboration

Speaker: Christina A. Demopoulos, DDS, MPH

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

Promoting the HPV Vaccine: An Opportunity for Medical-Dental Collaboration introduces evidence-based practices for promoting the HPV vaccine in the population. The session will also address the increasing prevalence of HPV-associated oropharyngeal cancers and offers an interdisciplinary approach to increase the HPV vaccine in a healthcare setting. Examples of effective communication with parents regarding the HPV vaccine will be discussed.

Course Objectives

- Describe the relationship between HPV and oropharyngeal cancer (OPC) and the role of the HPV vaccine and disease prevention within an appropriate clinical context.
- Describe how community/clinical linkages can increase health promotion efforts regarding the HPV vaccine in order to increase the use of the HPV vaccine and to raise public awareness about signs, symptoms, and risk factors.
- Discuss the rates of Oral-HPV and HPV vaccination trends in the U.S.

Upon completion of this continuing education course, the participant will be able to:

- Describe the relationship between HPV and oropharyngeal cancer
- Describe the role of the HPV vaccine and disease prevention
- Identify a few Best Practices that can be applied in a dental school/clinical setting to increase the rate of HPV vaccinations
- Identify community/clinical linkages that can help increase health promotion efforts regarding the HPV vaccine (examples that have worked with other dental schools)
- Discuss the prevalence of Oral-HPV
- Discuss the current trends in the HPV vaccine

Join us for the

Networking Reception and TxOHC Annual Meeting

Enjoy light hors d'oeuvres and beverages while you network with colleagues and exhibitors.

Thursday , July 24, 2019 from 4:30 - 6:30 PM

Atrium

Friday, July 26th: Conference Details

8:00 AM – 9:00 AM: Registration and Breakfast with the Exhibitors

Location: Atrium

9:00 AM – 10:00 AM: Oral Health During Pregnancy

Speaker: Andrea Palmer, MD, FACOG

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

This course will offer a review of the oral health changes associated with pregnancy, as well as discussing safety concerns regarding the care of a pregnant patient. Specific issues to be address include X-Ray exposure, medication use (to include nitrous oxide), and patient positioning. This course will aim to generate discussion about how healthcare providers and dentists can collaborate for the better care of our pregnant patients, and for their new babies.

Upon completion of this event, participants should be able to:

- Demystify pregnancy. (AKA Please don't be scared of pregnant patients!)
- Discuss the impacts of oral health concerns on pregnancy, and pregnancy on oral health
- Build collaboration between Dentists and OBGYNs
- Highlight safety issues for pregnant dental care providers

Friday, July 26th: Conference Details

10:00 AM – 11:00 AM: Implementation of Public Health Genomics and Applications to Oral Health

Speaker: Debra Duquette, MS, CGC

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

Integrating genomics at the population health level has the potential to increase our understanding of disease, improve public health, reduce health disparities, and promote genomic literacy. Current evidence for certain genomic applications suggests that many lives could be saved now if these were implemented in the recommended populations. This presentation will focus on the existing evidence and clinical utility of genetic applications for specific populations. Examples of public health genomics implementation efforts by the Centers for Disease Control and Prevention, National Academy of Medicine, state public health departments and health systems will be explored. The importance of addressing health disparities will also be highlighted. Genetic syndromes with relevance to dental public health practitioners will be included when possible. Possible ways for individuals with expertise in oral health to become involved in existing precision public health efforts will also be discussed.

Learning Objectives:

1. Name three genetic conditions that are relevant to oral health and public health genomics
2. Describe a public health approach to determine if a genetic test is ready for implementation at the clinical and/or population level
3. List two available public health genomics resources that are useful to oral health practitioners

11:00 AM – 12:00 PM: The Importance of Dental Otolaryngology Collaboration in the Diagnosis and Treatment of Obstructive Sleep Apnea

Speaker: Zachary D. Wassmuth, MD, ENT

Location: Big Tex Auditorium

CEU: 1.0 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

Obstructive sleep apnea (OSA) is an underdiagnosed medical condition with potentially serious morbidities. Dental professionals and other healthcare professionals can be instrumental in recognizing the signs and symptoms of OSA. This presentation will cover diagnosis and treatment options for patients suffering with obstructive sleep apnea.

Course Objectives

1. Recognize signs and symptoms of OSA
2. Understand sleep studies and OSA morbidities
3. Review anatomic considerations in OSA
4. Discuss both surgical and non-surgical treatment options

Friday, July 26th: Conference Details

12:00 PM: Post Conference Training Session Lunch - Pre-Registration Required

Location: Big Tex Auditorium

12:30 PM – 4:00 PM: Speaking Up for Better Oral Health

Speaker: Johnny Johnson, DMD, Ms; Matt Jacob, BA

Location: Big Tex Auditorium

CEU: 3.5 CDE, CME, CNE, CHES, SW, CPH

Course Completion Code: _____

The Centers for Disease Control and Prevention has praised community water fluoridation (CWF) as one of 10 “great public health achievements of the 20th century,” recognizing that this health practice reduces tooth decay by 25% over a person’s lifetime. Yet we cannot take CWF for granted. Although fluoridated water reaches most Texans, some communities have stopped adding fluoride in recent years. Research shows local residents will suffer because of these decisions to stop. Being an effective public advocate for CWF requires two proficiencies: 1) understanding the scientific evidence, and 2) using strategies that strengthen communication. This session will provide participants with both proficiencies. This session will conclude with a role-play exercise giving participants a chance to practice the skills they have learned.

Upon completion of this event, participants should be able to:

- Explain how topical fluoride (fluoridated toothpaste, mouth rinses, professionally applied varnish, and water fluoridation) and systemic fluoride (optimally fluoridated water, fluoride supplements) work in complementary ways to reduce dental caries.
- Communicate what recent research has concluded about the effectiveness and safety of fluoride at the concentration in fluoridated drinking water.
- Recognize the common claims that critics make against the practice of community water fluoridation and why these claims are not supported by evidence-based scientific research on optimally fluoridated water.
- Educate the public about community water fluoridation using best practices for communicating to audiences with limited health literacy.

Course Evaluation Instructions

The Texas Oral Health Coalition, provider # 346144 is designated as a nationally approved PACE Program Provider for FACD/MAGD credit by the AGD Program Approval for Continuing Education (PACE) Council and will provide conference attendees CDE.

The Texas Department of State Health Services, Continuing Education Services is an approved or accredited provider to provide continuing education credit for Continuing Medical Education, Continuing Nursing Education, Social Workers, Certified Health Education Specialists, and Certified in Public Health. Please see the attached Credit Letter for additional details.

Participants in the 2019 Texas Oral Health Conference may earn up to 15.5 CDE credits and 13.5 CME, CNE, CHES, SW, CPH credits after completing the convenient online conference evaluation. You may complete the requirements once you return home or prior to leaving the conference anywhere wireless internet access is available.

In order to complete your evaluation and receive your CE Attendance Verification, please visit <https://bit.ly/2KYEM5N>.

DEADLINE TO COMPLETE YOUR ONLINE CONTINUING EDUCATION EVALUATIONS AND RECEIVE ATTENDANCE VERIFICATION CREDIT IS MIDNIGHT AUGUST 9, 2019.

Your comments and suggestions in the conference and course evaluations are very important to the Texas Oral Health Conference Planning Committee and your input will help plan future oral health conferences. If you should have any questions or need assistance, please contact the TxOHC office at 432-413-8843 or b.stewart@txohc.org.

Course and Conference Evaluations

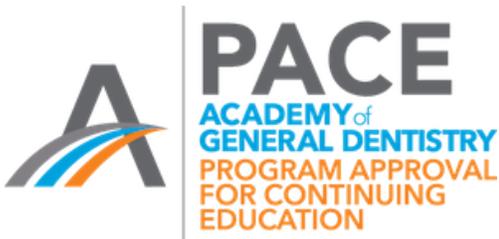

- Once you have followed the link to the Course Evaluation form, please **create a username and password and enter your email address on the left under New User**. We have installed a new feature that will allow you to save your information and selections at the bottom of each page, so you do not have to complete the evaluations in one sitting. This will allow you to save each page as you go and return to the form and complete the course evaluation questions as the conference progresses. Please remember your username and password for when you return to the form in case you log out.
- Once logged in, enter your **Registration ID** Number found on your name badge or registration confirmation email, your email address and name. Your email address and name are used for the continuing education Attendance Verification Certification so you may receive by email to print out and retain for your records. Scroll down to click "Next" to continue to the next page.
- You will be prompted to complete the demographic/credentials/employer information. **Please select all credentials that apply to you** in order to receive the correct Continuing Education Attendance Verification Certification(s).

Course Evaluation Instructions

- In order to receive continuing education credit, you are required to complete an evaluation for each course. **Please check all the courses you attended during the conference** and once all are selected scroll down, hit "SAVE PROGRESS" then click the "NEXT" button to continue.
- **Enter the appropriate completion code for each course and complete all course related questions.** Scroll down to find your next selected course and repeat the process. You may select the "SAVE PROGRESS" button to return to the evaluation later, or select the "NEXT" button to continue to the next page. If the correct code is not entered, you will not receive credit for that course.
- To return to the evaluation at a later time, please use the same evaluation link and sign in with your previously chosen username and password on the right under "Returning User." You will be taken to a screen that shows your name logged in and your stored results. Please **select the edit button on the left** and this will return you to the beginning of your in-progress evaluation.
- Once you have completed all of your course evaluations, you will be prompted to complete a conference evaluation. Once you have completed the conference evaluation, please click "Next" to continue to the summary screen.
- **A summary of all courses and hours you attended should appear.** If this is not correct, use the "PREVIOUS" button to go back and make corrections. Check to confirm all course selections and completion codes are correct. Course codes are in ALL CAPS.
- Once you **confirm the information is correct, hit "Submit."** You will not receive your Continuing Education Attendance Verification Certification(s) if you do not hit the submit button. Please print off the following page to retain for your records, or print the Course Attendance Verification Certification(s) from the email(s) that immediately follow your submission.

THANK YOU!

* Please refer to the Texas Administrative Code, Title 22, Part 5, Chapter 104, Rule 104.1 for additional details on dental continuing education requirements.

Texas Oral Health Coalition
Nationally Approved PACE Program Provider for FAGD/MAGD credit.
Approval does not imply acceptance by any regulatory authority or AGD endorsement.
7/1/2019 to 6/30/2021.
Provider ID# 346144

Please see below for the Texas Department of State Health Service, Continuing Education Services provider information.

Continuing Education Accreditation and Designation Statements

TEXAS
Health and Human

Office of Academic Affairs

Continuing Medical Education:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association (TMA) through the joint providership of The Texas Department of State Health Services, Continuing Education Service, Texas Oral Health Coalition, and the Texas Health Institute. The Texas Department of State Health Services, Continuing Education Service is accredited by TMA to provide continuing medical education for physicians.

The Texas Department of State Health Services, Continuing Education Service designates this live activity for a maximum of 13.50 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Nursing Education:

The Texas Department of State Health Services, Continuing Education Service is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The Texas Department of State Health Services, Continuing Education Service has awarded 13.50 contact hours of Continuing Nursing Education.

Social Workers:

The Texas Department of State Health Services, Continuing Education Service under sponsor number CS3065 has been approved by the Texas State Board of Social Worker Examiners (<https://dshs.texas.gov/socialwork>) to offer continuing education contact hours to social workers. The approved status of The Texas Department of State Health Services, Continuing Education Service expires annually on December 31. The Texas Department of State Health Services, Continuing Education Service has awarded 13.50 contact hour(s) of Continuing Social Work Education.

Certified Health Education Specialists:

Sponsored by The Texas Department of State Health Services, Continuing Education Service, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) has been awarded 13.50 entry-level Category I contact education contact hours.

Certified in Public Health:

On 10/18/2017 the Texas Department of State Health Services, Continuing Education Service was awarded multi-event provider status (ID #1360) by the National Board of Public Health Examiners to award CPH continuing education credits. This activity has been awarded 13.50 credits.
